Jewers Doors helps open the Blue-Light Emergency Hub in Milton Keynes

The Blue-Light Emergency hub in Milton Keynes is one of the first bespoke 999 emergency projects of its kind in the UK. It has been designed to dispatch the three emergency services from its prime location next to the A5 in West Ashland, Milton Keynes.

The distinctive Red, Blue and Green representing Bucks Fire & Rescue Service, Thames Valley Police and South-Central Ambulance Service has been used throughout the central 3 storey office and the north and south appliance bays.

Jewers Doors were delighted to win the contract from Kidlington-based Kinglerlee Ltd to supply their Swift and Osprey doors for the new tri-services facility.

We supplied 8 sets of our Swift electrically operated bi-fold doors for the fire bays, which safely propel the door from closed to fully open in only 5 seconds. Each set of doors measures 3.75 metres wide by 4 metres high. And 2 of our Osprey electrically operated sliding/folding doors for the ambulance bays. Each Osprey door measures 5 metres wide by 3.2 metres high.

Fire crews from Bletchley Fire Station and Great Holm Fire Station have already moved into the new facilities, with the teams from Thames Valley Police and South-Central Ambulance Service due to move in shortly.

An official opening ceremony is planned for Spring 2021.

More about Jewers Doors

Established in 1983 and still a family run business, Jewers Doors is a world-leading supplier of industrial doors operating from a state-of-the-art facility in the heart of Bedfordshire. With over 50 highly skilled and experienced staff, the core of the business is design, manufacture, installation and repair of industrial door solutions across all industrial sectors. The Phoenix range of doors are designed for medium to large industrial applications, while the Esavian range is recognised as one of the world's leading range of aircraft hangar doors. Incorporating the very latest concepts and technologies, Jewers Doors have been installed not only in the UK, but also throughout the world including Europe, Middle East, Far East, North America and Australasia.
